

THE HIDDEN TEXTS of NOSTRADAMUS

Dear Reader
I will try to keep it Simple.

We have all heard of Nostradamus.
Very few people truly comprehend the workings produced by this man.

If I were to postulate certain details – to be substantiated by Nostradamus *himself* – would you be interested in following the issue?

The conclusions I have *been dealt* are: (all quotes below are *from* Nostradamus)

- Nostradamus travelled in time “flew four times, feel timeless, feel awe”¹
- He was taken by “Eloim” who “levels off time”²
- One of these times was at the Twin Towers event in which he states “rule out Sepdet Ceres”³ by which he means *not the usual suspects*³ (in the unidentified aerial phenomena)*

Another time seems to have been to do with a planetoid which is orbiting the moon in a five day elliptical orbit “sees centile sided joints, lesser planet squat, [stop] prolateness quintan”⁴

The original question marks I had regarding the hidden words in the verses, were quite simply this;

1) *In the English language...?*

There were two reasons for doubt to hover – not only is it all rendered in a language which belongs in modern times, but English differs from French in one remarkable way – the French, and especially Archaic French have a minimum of descriptive words. One example, the word *Grande* seems to cover any thing which is great, big, large, huge, amazing and so on.

Whereas in the English language we have words which are *designed* to fit.

Once the *hidden texts* had been transformed (by a computer program built by Allan Webber of Adelaide) into English words, those ‘designer’ descriptive English words are also there.

2) *The amazing vocabulary...*

How does a French speaking man from the 1550’s know the word *prolateness*? Meaning *elliptical*.
Indeed, I had to do a glossary Index which up to this day has 672 such words which I had to transform from his high standard of English vocabulary to a modern understanding.

The answer is simple. He had help.

For instance:

In the chapter regarding the Twin Towers event, he states...

“Lamented end found. Now WE alone select well”.⁵

* *A ufo was filmed by many at the Twin Towers event*

² Line 3 Quatrain 74 Century 3 [Que pour complaire aux malheureux de Nolle](#)

³ Line 4 Quatrain 30 Century 4 [Qu'apres faim peste, descouvert le secret](#)

⁴ Line 2 Quatrain 25 Century 3 [Quand de Sicile et Naples seront joints](#)

⁵ Line 1 Quatrain 66 Century 6 [Au fondement de la nouvelle secte](#)

In the Hidden Texts, throughout the 3774 lines, there are many times he refers to “US”, “WE”, and “OUR”.

Most of the lines of the HIDDEN TEXTS do not relate to each other in any given quatrain, however, those lines that do concern each other with the same genre, contain very important and consistent information.

Two verses that come to immediate attention are:

Quatrain/Verse 66 Century 6* (Twin Towers), and;

Quatrain/Verse 25 Century 3, which has all four lines describing an artificial planetoid, the inhabitants, where they are from, and their agenda. Other separate lines include:

- “vandals orbit”⁶
- “planetoid pass”⁷
- “aligned planetoid”⁸
- “Istar Eridanu triads induce asteroid ordinates spiral uncited”⁹
- “noisome comets Yule Grace”¹⁰ (These could also be ufos or asteroids)
- “Peleus arranges undulated planetoid”¹¹

Since Nostradamus tells us that he “flew timeless four times”, I believe that those four times must represent very important events, such as a Passing Planetoid in orbit, and the Twin Towers. Therefore I am keeping my eyes open for two more such events, the same subject which will appear in all the four lines of the same quatrain.

An interesting chapter to read is the MEDICAL AND VACCINATION collection.

The particularly intriguing component in these lines - is that which alludes to chemtrails, which is repeated quite literally, tens of times, and also admonitions regarding vaccinations. A few excerpts are:

- “queue free cures – purchase menace”¹²
- “grace regardance Melbourne mob – December danger queer year – you are none ready”¹³
- “Canada actual regular atlas, vaccinated vast accident”¹⁴
- “if [you] line up [to] vaccine, perceivance voraciti [of] creative evisceration”¹⁵
- “aim seed fate used filamentous”¹⁶ (hcp: ‘filamentous’ see Morgellan’s disease)
- “troubles boulangerite”¹⁷ (Boulangerite – lead antimony sulphide, hair like fibres)
- “plagues **treatment** supplied dangers”¹⁸
- “Borellia phoresy”¹⁹ (Borellia is Lyme’s disease, phoresy is ‘one parasite carries another’)
- “veining un-allotted biogens, dratard besoin [need - reason] given”²⁰
- “[if you] rely on vein sollute [vaccination solution] danger regarding gender readings”²¹

There is good news too...

- “few referent [tell] new fuel occupy future”²²
- “refuels indiums surpasses sparse olden fuels”²³ (Indium – similar to gallium)
- “Serapiel, [of the 5th hour] feel miracles reflected XII [2012]”²⁴

The other detail I found interesting, is that the *hidden texts* have nothing much in common with the “face value” Quatrains which we all have heard about.

Australia is mentioned numerous times, and RUDD is in four lines.
One instance where Australia is mentioned...

Century 6: Quatrain 56 Line 1

La crainte armee de l'ennemy Narbon

AMERICA BARONY ENTERED **CENTRALIA**. REDEEM RACIAL CLAN,

RETAIN NEEDLE, R AIMENT [presented as]

NON -BACTERIAL ARM. MANY BORN REMADE [Clones, G.E. hp].

Mediterranean American Leader [timing clue]

There is an entire chapter about Climate Change, the *sun's* pole shift, the Earth's pole “rotation”, (that of 5⁰ in which Mira in Cetus becomes the new North Polestar) and in particular, Nostradamus (and Eloim) give very clear warnings regarding genetic manipulation of seed and people and the danger to bees.

If you have read this far, then I must now explain how the *hidden texts* are found.

Anyone can do it.

Simply get the original French Verses. Choose one line.

Put all the French words together...this is what Copernicus and Galileo used to do...

Now anagram the line. Allan Webber (*A Fossicker's Guide to Nostradamus*) has spent the better part of his life since the advent of computers, building a program to suit.

The most amazing - even astonishing effect is that often one line will give more than one genre! Sometimes three. There is no question that each of the subject matter has meaning and impact. Shown here are four lines (of many) which I believe relate to Linda Moulton Howe

Century 3: Quatrain 72. Line 1 *Le bon veillard tout vif ensevely,*

LITERAL: BOVINE BONE, BELLY, LITTORAL VILEIN. FIVE ENSUE ON BELLY VEIN. YULE

UUESTERNISED SPECULATRIX UUEIRDNESS STIFFER STEER [would this be LM Howe? hp]

* Cap could either be Capella (in Auriga) or Capricorn, both of which are represented by goats

Century 7: Quatrain 22. Line 1 *Les citoyens de Mesopotamie,*

POEMS [quatreins] TO TIMESCALE.

SEEMS DOYEN [L.M.H.] AIMS CITE STONEY [solid] SEMEIOICAL (symbols) [crop circles?] SOCIETY NEEDS

Century 9: Quatrain 88. Line 3 *Soulde d'Alobrox descendre par Roane*

NODULE ORBS. LOUD BAAL SOUL RAPER [attacker], DEAD SOUL. REASON DESCEND, DEAD OX DEAL*.

AX [“be aware of partnership”]

ADDABLE: BOLD ERA A [“be aware”]

*Note: “DEAL” is this the “Pact”? There is a chapter forming regarding a “Pact”

“Baal” – in 2:23 “green Baal branch Alnath”. “Branch” is Virgo Constellation, and Alnath is Beta Tauri

²² Line 1 Quatrain 37 Century 3 *Avant l'assaut l'oraison prononcee*

²³ Line 1 Quatrain 63 Century 1 *Les fleurs passees diminue le monde*

²⁴ Line 1 Quatrain 80 Century 1 *De la sixieme claire splendeur celeste*

The real problem is that we are quite simply running out of time.

I have found that the words are not so much *warnings* that Nostradamus outlines, but of simple statements of fact. The entire Twin Towers chapter was written by him with the *full knowledge* that no one had interpreted them before the event!

He had commenced every line that belongs to that subject with the word “wrote” in the past tense. I believe that this chapter was done simply to gain verification. In much the same way that the Face Value Quatrains could be validated simply through known history about famous people. In the beginning, my curiosity led me to do: “*Arnold Schwarzenegger and Other Famous People*”, from the quatrains, as a history “lesson”. For me, the resulting chapter vindicated the face value quatrains.

Regarding times and dates, Nostradamus very clearly outlines that the only failsafe method of arriving at a true date is through the constellations and the precessions. They being the only constant.

There are lines which give clear warning to the decoders not to “do harm” by disclosing certain dates, such as:

ALSO earthfiles@earthfiles.com APRIL 2009 *nano thermitic evidence*

Steven Jones and other scientists examining World Trade Center dust have found numerous particles of unexploded thermite in the dust. Thermite is the military-grade explosive believed to have been used extensively in WTC 1, 2, and 7 to collapse them.

The scientists know it is thermite from the chemical analysis of the particles, and they know the thermite is unexploded because when they shined a laser on one particle it blew up, and when they heated another with a micro-torch, it too exploded.

Source: Video of Boston 9/11 Conference Dec. 15 2007

It has been discovered that it was Condoleezza Rice who gave the high-level OK to tell workers that the WTC dust was not toxic and that they could go back to work into Manhattan, despite knowing that the dust is toxic.. CBS establishes that the Administration knew the dust is toxic. CBS 2 story

NOSTRADAMUS ~ TWIN TOWERS "FELLED"

in this photo taken from a moving helicopter, it can be seen,
in the top right hand side of the shot — two moving craft.
At the time I saw the video of the event, (on the day) there
seemed to be only one glowing orb in the sky. As can be
seen, they are moving quite quickly.

Nostradamus does say — WE - and in the following lines:

3 61 3 Flew leaping map, feel procured

6 4 1 FLEW QUIET

8 70 4 Time period on sphenoid ship —
horrible ionosphere

3 8 1 Aquiest, rejoins saque ourselves

6 27 1 Flew silenced, used unique waves

2 61 3 Flew four times, feel timeless, feel awe

6 31 1 Rotatory caique
